Station Madras, *Dated the* 12th June 1930 19

From (Name) W.E.Smith Esq., M.A.,

(Designation) Ag. Director of Public Instruction

To The Secretary to the Government of Madras,

Law (Education) Department.

Sir, In submitting herewith a copy of letter R.C.No.2000/29 dated 22nd November 1929 from the Chairman, Municipal Council, Bellary, together with plan and estimates for Rs 1500 for the provision of a playground for the Municipal High School, Bellary, I have the honour to invite your attention to G.Os No.154, Law (Education) dated 25th January 1929 and 489, Law (Education), dated 25th January 1929 wherein Government have refused to sanction a subsidy from Provincial funds for the purpose and to state that no fresh reasons have been adduced by the Chairman, Municipal Council for a reconsideration of the orders already passed. However, in view of the urgent need for a play ground for the school and also of the very

unsatisfactory state of the Council's finances I request that you will be so good as to sanction in modification of the orders referred to above the payment of a subsidy of Rs 750 being one half of the cost from the appropriation of Rs 20,000 allotted for the provision of play-ground for institutions under local bodies in the current year's budget. The subsidy will be disbursed on the post payment system.

I have the honour to be,

Sir,

Your most obedient servant,

for Diredtor of Public Instruction.

P.R.K. 13/6

Copy of letter R.C.No. 2000/28,dated 22nd November 1929 from the Chairman, Municipal Council, Bellary to the District Educational Officer, Bellary.

Subject.- Provision of a play ground - Municipal High School,

---

Your R.C.No. 1837/29,dated 5th November 1929.

While instructing the Director of Public Instruction,Madras to obtain plans and estimates for the extension of the Municipal High School building the Government in their Memorandum No. 1799 B-2,dated 15th September 1927 (Para 3) had asked me to address them separately through the Director of Public Instruction,Madras, in regard to the provision of a play ground. Accordingly in my letter dated 4th November 1927, I requested the Government to provide the school with a suitable play ground.

The Director of Public Instruction,Madras in his letter R. O.C.No. 2964/B-27,dated 28th November 1927 asked the District Educational Officer to obtain from me a rough sketch plan indicating therein the position of the play ground that was proposed to be acquired a valuation statement showing the cost and extent of the ground to be acquired and a copy of the Council's resolution agreeing to meet one half of the expenditure from the Municipal funds. I accordingly convened a meeting of my Council on the 20th December 1927 which in its resolution No. 36 resolved that -- estimates might be called for from the P.W.D. before thinking of making any contribution.

The Executive Engineer was then addressed in the matter for plans and estimates in my letter Ref. G.C 246/28/1/28. The question of acquiring the land did not at all arises as it belonged to the Municipality. The valuation statement called for was not therefore necessary and I informed the District Educational -- Officer accordingly on 10th December 1928 in my letter Ref. G.C. 246/28. The Executive Engineer, Bellary then got an estimate for Rs 1500/- prepared and sent it on to me together with the site plan on 11th September 1928(Vide his letter No. 6508,dated 11th September 1928) These were transmitted to the Director of Public Instruction,Madras for his administrative sanction on 15th Septr. 1928 with my letter No.G.C.182/27,dated 15th September 1928. The

The Council in their resolution No. 19, dated 10th November 1928 resolved to bear half the cost and a copy of it was also sent to the Director of Public Instruction through the District Educational Officer on 14th November 1928 (Vide my letter No. G.C 182/27 dated 14th November 1928)

To the utter disappointment of the Council, the Government in their order No. 154 Mis(Edn) dated 25th January 1929 (Copy enclosed) ordered that the whole cost of Rs 1500 should be met by the Council alone. In the face of the above G.O. all hopes of having a suitable play ground for the school have been given up as the Municipal finances did not permit the Council to incur this expenditure. I protested against the said G.O. and requested the Government to kindly reconsider the same and agree to pay half the cost and G.O. No. Mis. 489/15/3/29, has confirmed G.O.No. 154, Edn. dated 15th ~~January~~ March 1929.

This is the exact situation where the matter stands now. I now request you to specially lay before the Director of Public Instruction for his further consideration, the urgency of a play ground and the extent to which this school is handicapped for want of suitable playground in view of the recommendations of the physical exercise Committee. I fear physical culture cannot be promoted properly if Government does not sympathetically aid the Council with subsidies as a special case at the time when we were already having a very heavy strain on our financial recourses.

The Municipality is already enjoying a spacious building at a cost of Rs 56000 so kindly given to it as a gift by the Government and as such even the grant of the full cost of the play ground will be only a very small supplement in view of making the school fully equipped.

Under the above circumstances, the Government may be specially requested to sanction the full grant of Rs 1500 for the provision of the playground if not at least half the amount in view of the special circumstances explained out of the allotment of Rs 50,000 make in the Civil Budget for this purpose.

Municipal high school, Bellary - Playground - Subs

pp. 1-2 c.f [C. 1405 B] From the D.P.I., R.O.C. No. 541 & dy 12.6.30

The C.M.C., Bellary applies for a subsidy (of Rs. 750) from Provl. funds towards the provision of a playground for the Municipal high school, Bellary. Attention is invited to G.O. No. 154 dy 25.1.29 and No. 489 dy 15.3.29, in which the council's request for a subsidy for the purpose was refused on the ground that the amount involved was small and that the council could meet the entire cost from its own funds. The D.P.I. now recommends the payment of a subsidy in view of the urgent need for a playground for the school and of the very unsatisfactory state of the council's finances. The Director proposes that the subsidy may be debited to the appropriation of Rs. 20,000

Rs. 20,000 made in the current year's budget estimate for the provision of playgrounds for secondary schools under local bodies, etc.

2. It is observed that the site proposed to be used as playground in this case already belongs to the municipality and that it is to be repaired at a cost of Rs. 1,500 for being made fit for use as playground. Though it is not thus strictly a case of "purchase or acquisition of land for playing fields" as contemplated in para 1 of f. 1018 of 31-5-30, there seems to be no objection to debit the subsidy, if sanctioned, to the provision of Rs 20,000 for playgrounds if the conditions laid down in the f. are satisfied. There is no information as regards the actual area of land available for use as playground. The D.P.I. may be requested to furnish this information and to state whether the conditions laid down in para 1 of f. 1018 of 31.5.30 are satisfied in this case.

In view of the D.P.I's reply in the linked file a reference to him in this case in regard to A on p 2 ante does not seem necessary. Indeed it is considered that information should be obtained as regards the vide B on p 2 ante area of the playground. It is for orders whether the Director's proposal to sanction a total grant of Rs. 750 in this case may be accepted & the file may be sent to Finance.
